## How to Use Nicotine Pouches?

Placement: Simply place a pouch between your gum and upper lip.

Duration: Let it sit for about 15 minutes to an hour, depending on your preference.

Disposal: After use, dispose of the pouch responsibly.

## Advice on how to store nicotine pouches:

Keep Dry: Nicotine pouches should be stored in a dry place. Excessive humidity may affect the ingredients in the bag, resulting in a decrease in quality.

Avoid high temperatures: High temperatures may affect the quality of the nicotine pouch and the stability of the nicotine. Therefore, avoid storing the product in excessively hot environments, such as

in direct sunlight or near heat sources.

**Store in original packaging:** Try to store nicotine pouches in their original packaging. These packages are often designed to help keep the product in optimal condition, including moisture-proof and sealing properties.

**Keep away from children and pets:** Make sure nicotine pouches are stored out of the reach of children and pets as nicotine can cause serious harm to them if ingested.

**Avoid prolonged exposure to air:** Try not to expose nicotine pouches to air for extended periods of time, as this may cause the product to dry out and reduce effectiveness.

### **Benefits and Features of Nicotine Pouches?**

**Discreet Usage:** Their smoke-free and spit-free nature makes them usable in many social settings where smoking or vaping is not appropriate.

**Variety of Choices:** Available in various strengths and flavors, catering to a wide range of preferences.

**No Tobacco Leaf:** This eliminates the need for combustion and reduces exposure to harmful by-products associated with smoking.

**Portable:** Their compact size makes them easy to carry and use on the go.
